

# Hospice of South Georgia allowed us to make choices.

– Gracie Jefferson

“A few months before my husband, Frank, passed away, we learned about Hospice of South Georgia from our doctor. The hospice staff worked well with us – like a team.

Everyone who knew my husband knew him as Mr. J. He lived by a code of honor. The staff encouraged him to maintain his independence; to go to church, and to see his friends.

Hospice of South Georgia allowed us to make choices. We were not limited in what we wanted to do, and had all the help we needed from their caring team of professionals. I don’t know what we would have done without them.”

Frank “Mr. J” Jefferson
